Die deutschen Thrash-Titanen **KREATOR** und die norwegischen Giganten des Symphonic Black Metal, **DIMMU BORGIR**, haben sich für eine große Co-Headliner-Tour durch Europa im kommenden Winter zusammengeschlossen.

Die Tour findet vom 30. November - 16. Dezember statt, um am 08. Dezember in der Ludwigsburger MHP Arena Station zu machen. Als Support fungiert die US-Hardcore-Institution **HATEBREED** sowie der Death-Metal-Supergroup **BLOODBATH**.

**KREATOR**-Frontmann **Mille Petrozza** kommentiert: „I am more than excited to team up with three of the strongest and most unique bands in today's metal world for this killer package. For this run, we have prepared the biggest production in the history of the band to bring the ultimate KREATOR-experience to a hall near you. The European Apocalypse will be THE tour of 2018, and I can't wait to see all of you in December. Hail to the Hordes!"

**DIMMU BORGIR**-Gitarrist **Silenoz** dazu: "It feels great to announce that we're finally touring Europe again! It's been a while, but we can't wait to share the Eonian energy with our fans - see you all in November and December!"

**HATEBREED** fügen an: "We're honored & excited to share the stage with such influential and important bands. In a world where everyone seems so divided, it's important for heavy music to unify & inspire. This tour has something for everyone! Death, Black, Thrash, and Crossover. Prepare to rage, see you in the pit!"

**BLOODBATH**-Gitarrist **Anders Nyström** erklärt: "We're honored to be chosen to represent the death metal department in a versatile bill of thrash metal, black metal and hardcore!"
